FOR WORK
Set your sights on a dress that's a merger of polished and pretty. This classic sheath cut gets the job done assisted by an eyelet texture and floral embroidery that lifts an otherwise basic black frock.

DRESS DO'S
THE CHECK LIST
• Choose a dress silhouette that makes you feel like a boss. For a winning alternative that offers a fuller, A-line skirt, try an appropriately named fit 'n' flare dress. Your most comfortable self is your most confident!

• A little jewellery goes a long way, helping to convert a single garment into a whole look. As hard workers that can easily be worn Monday to Friday, metallic pieces in geometric shapes walk the line between modern and timeless.

• Make a deal with noteworthy accessories. Whether it's a standout texture or pop of colour (or both!), shoes and bags are a chance to verify your stylish strengths.

FOR DRESS-UP

It's time to raise the bar on your party dress demands. Buh-bye pinching, cinching and tugging. A gentle shape in a powerful colour is a step in the right direction. We're talking 100% wow factor, 0% discomfort.

DRESS DO'S

THE CHECK LIST

- A dress that caters to your proportions is the secret to an amazing match. Try an embellished neckline to flatter a small bust or discover the lengthening effect of a high waistline. And know that a wrap-style dress is always curve-friendly.
- Make a date with a bold colour. All skin tones can easily rock vibrant tones of green or blue, but there's no part of the colour wheel that's off-limits.
- Whether tone-on-tone or in contrasting shades, make carefree extras your party dress' plus one. Frills and tassels, for starters, create statement pieces that'll take your dance floor moves up a notch.

FOR DOWNTIME

Just because you're not working doesn't mean you can't work it! A clever dress is an effortless way to revamp your doing-everything-else uniform. Take to sporty stripes and a T-shirt style to instantly convey an easygoing attitude. Look for details that bring added value like cut-out shoulders, a ruffled hemline or bell sleeves.

DRESS DO'S

THE CHECK LIST

- Whether fitted or loose, a stretch fabric is essential for an off-duty dress you don't have to think about. Underneath it all, stick to what's fuss-free. Maximize the appearance of clean lines by choosing seamless shorts.
- Sporting a pair of chic sneakers makes any day better. Look for styles that boast a formula that's two parts old-school, one part new, like this low-cut, white pair spliced with neon.
- Two unisex classics are better than one. Allow a denim jacket and woven fedora to join forces and you'll instantly pull an outfit together, secure a relaxed look and be prepared for transitional weather.
