OREGON

To shoot our Fall Collection, we headed to the Great Northwest. While driving up and down the 101, we found inspiration amongst the dramatic cliffs, sweeping grasslands and ancient forests of the Oregon coastline.

**THE ALL-IN APPROACH TO WINTER LAYERING**

We can always stay inside. By the fire, under the covers, holed up in sweats watching Brady or Wilson or the Manning boys launch bombs in some far-off stadium. That is one way to keep warm this winter. Another way, and one that lets us leave the house and actually do stuff, is what can best be described as an all-in approach to layering. There's the number of pieces, four or five, all easy on and easy off. There are the varying weights of those pieces, the lighter shirt under the midweight sweater-vest under the heavier blazer under the lofty parka, all versatility and flexibility. And there are the patterns and textures, all visual and tactile action. Nothing but options, nothing but warmth. All winter long.
